# INDUSTRY STRUCTURE & DEVELOPMENT

The trend of steep & discriminatory taxation continues with yet another year of excise revision in the Union Budget presented in February 2015. The duty on most affordable 64mm cigarettes was increased by 22% vs. 12% for other segments. Recurrent & harsh increases in state taxes continue to pose a challenge for the industry. VAT rate in a key state of Uttar Pradesh was increased from 25% to 40% in 2015-16.

Inevitable increase in prices on account of steep taxation has led to fourth consecutive year of volume decline for legitimate players. As legal industry takes up prices, non duty paid cigarettes are getting a fillip & registering exponential growth.

Stringent regulatory measures have been enforced by central & state governments. Some key states have made sale of loose cigarettes illegal. Pictorial warning currently on one panel has been extended to both panels with a significant increase in size. Moving forward, these severe regulations along with growth of low priced, non duty paid cigarettes will hurt legitimate players further.

#### **COMPANY PERFORMANCE**

Discriminatory excise hike in 64mm size of cigarettes affects your Company more than competition as your Company largely operates in the value segment.

In spite of a challenging operating environment your Company has minimised volume decline by leveraging its portfolio mix. New brands, Total of 69mm size & Editions of 84mm size, have registered consistent growth based on value proposition. Your Company's existing trademarks such as Special,

Moments & Charms have also delivered a strong performance in key markets.

#### LEAF TOBACCO

Your Company has recorded leaf sales turnover of ₹272 crore, in the year 2015-16 leveraging its expertise in all varieties of tobacco. Your Company is continuing domestic sales in addition to exports for maximising turnover and profits.

The focus on the development of niche varieties and high nicotine tobaccos continued in view of the changing requirements of tobacco in the international market with established customers. Besides helping develop backward regions, it has also helped in improving the Company's profitability. The Oriental project continues with improved agronomic practices.

It is satisfying to note that your Company's farmers continue to grow tobacco with the lowest pesticide residue levels and low TSNAs (Tobacco Specific Nitrosamaines) that are well within international standards.

Your Company's leaf tobacco function continues to be certified by Registro Italiano Navale, Genova, Italy for SA8000 reflecting Company's resolve to follow best international practices in its operations. Your Company is socially responsible and involved in various programmes for the improvement of living conditions in tobacco growing areas.

- b. Your Company remains committed to improve effectiveness of internal financial controls and processes which would help in efficient conduct of its business operations, ensure security to its assets and timely preparation of reliable financial information.

The policies and procedures laid out by your Company capture the control environment prevalent in the organisation. Over a period of three years, the business processes of your Company is reviewed through an internal audit process which reviews the systems on a continuous basis. The objective is to identify potential risk areas and come up with a comprehensive risk mitigation plan.

The Audit Committee of your Board met four times during the year. Review of audit observations covering the operations, consideration of accounts on a quarterly basis and monitoring the implementation of audit recommendations were some of the key areas which were dealt with by the Committee. The Statutory Auditors/ Internal Auditors were invited to attend the Audit Committee meetings and make presentations covering their observation on adequacy of internal financial controls and the steps required to bridge gaps, if any. Chief Financial Officer is a permanent invitee to the Audit Committee and other executives of the Company are invited to address, respond or provide clarifications to relevant issues and when required.

#### **Risk Management**

Your Company has always endeavored to bring together elements of best practices for risk management in relation to existing and emerging risks faced by it at both strategic level and in operations. The Company faces a variety of risks from external and internal sources; however, the objective is to be aware of different kinds of risks affecting the business. Rather than eliminating these risks, the decision making process at your Company considers sensible risk taking and thereby proactive steps are taken to ensure that business is undertaken in an environment which encourages a reasonable amount of risk taking and enables the Company to leverage market opportunities effectively.

The Board is responsible for determining the nature and extent of the principal risks that your Company is willing to take to achieve its strategic objectives and for maintaining sound risk management system. With the support of the Audit Committee, it carries out a review of the effectiveness of your Company's risk management process covering all material risks including strategic, financial, operational and compliance.

Your Company has substantial operations all over the country and competes on the basis of brand appeal and loyalty, product quality and taste, packaging, marketing and price. This competitive position is influenced by the economic, regulatory and political situations both on an all India basis as well as that prevailing at the state level, and actions of the competitors. The principal risks impacting your Company's business and steps undertaken to mitigate them are as under:

i) **Regulatory restrictions** could have an impact on long term revenue growth of the Company.

> The Company operates under increasingly stringent regulatory regime (COTPA guidelines on

packaging and labelling, advertising and promotion). This further gets complicated with adoption of differing regulatory regime in different states and/or lack of consensus on interpretation/application.

Such restrictive regulations which are subjected to interpretation could result in not only penalties being imposed/loss of reputation, but also impair the Company's ability to communicate with adult smokers and/or to meet consumer expectations through new/ innovative brand launches or geographic expansion.

The Company addresses this risk by engaging in continuous social dialogue with stakeholders and regulatory community through industry bodies. At the same time it works on developing strategies and capabilities to be able to launch competitive and consumeracceptable brands within the changing regulatory environment.

 (ii) Taxation changes could have an impact on short term revenue growth of the Company.

> The Company's business is subjected to substantial central and state level taxes whereby due to differential increase in excise duties in various segments; change in length of cigarette stick on which excise duty is payable; and tax (VAT) rate differential between various states particularly if it is in case of adjoining states could result in cross border movement of

goods, could require the Company to take up product prices and in absence of such action, impact its business. The impact increases when due to change in economic situation, consumers' disposal income reduces resulting in downtrading to cheaper cigarettes or alternative tobacco products.

Such risks are addressed by the Company through (a) engagement with tax authorities both at centre as well as state level where appropriate; (b) regular management review to build a brand portfolio across segments as well as across geographies and focus on new brand creation; and (c) Capability build-up through investments in distribution infrastructure to increase geographical spread.

 (iii) Regional disruptions could have an impact on short-term revenue growth of the Company as well as reputation.

> Regional disturbances through state level restriction on trade or through terrorism and political violence including bandhs, strikes, has the potential to disrupt the Company's business operations. Such disruptions result in potential loss of assets and increased costs due to more complex supply chain arrangements and/or maintaining inefficient facilities.

The Company addresses this risk through developing multiple sourcing/delivery (supply chain) strategy and through insurance cover and business continuity planning.

(iv) Counter party risk could have a potential impact on the Company's capital and profitability.

> The Company generates positive cash flows which are predominantly invested with financial institutions and mutual funds. Delay and/or default in settlement on maturity of such investments could result in liquidity and financial loss to the Company.

> Such risks are mitigated through investment based on principle of Safety, Liquidity & Returns (SLR) and with institutions having strong short-term and long-term ratings assigned by CRISIL.

#### (v) Data risks

The loss or misuse of sensitive information, or its disclosure to outsiders, including competitors and trading partners, could potentially have a significant adverse impact on the Company's business operations and/or give rise to legal liability. For this purpose, the Company has put in place information technology policies and procedures which are reviewed regularly. Further, information technology controls like data back-up mechanism, disaster recovery center, authorisation verification, etc., have also been established.

of villages in and around Mahaboobnagar, Kurnool and Raichur villages in the states of Telangana, Andhra Pradesh and Karnataka where your Company has its leaf operations, under the 'Swachh Ghar' programme of your Company. #### SIGNIFICANT & MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS

There are no significant or material orders passed by the Regulators, Courts or Tribunals which impact the going concern status of the Company and its future operations. However, Members' attention is drawn to the following:

#### TAXATION

#### i. Income Tax

#### **Financial Services Business**

Your Company had diversified into Financial Services Business and Foods Business in the early nineties. Subsequently in the year 1998-99, your Company incurred a total loss of ₹38.67 crore in the financial services business of which ₹29.70 crore was claimed as loss under the head 'Income from Business' and ₹8.97 crore was claimed as a capital loss under the provisions of the Income Tax Act.

The Income Tax Appellate Tribunal allowed the entire amount of ₹38.67 crore as a capital loss. It may be noted that the department had treated the entire loss as a 'Speculation Loss'.

Your Company has filed an appeal before the Hon'ble High Court of Andhra Pradesh which has been admitted. The matter is yet to be heard.

Further in connection with its divestment from the Foods Business in the financial year 1999-00, your Company had incurred a total loss of ₹53.68 crore, of which ₹44.18 crore was claimed as a loss under the head 'Income from Business' and ₹9.50 crore was claimed as a capital loss under the provisions of the Income Tax Act. The Income Tax Department has disallowed the entire amount excepting ₹5.70 crore which was allowed as a capital loss. The Commissioner of Income Tax (Appeals) further allowed ₹11.24 crore out of the balance amount of ₹47.98 crore, on appeal before him and the same was upheld by the Income Tax Appellate Tribunal. Your Company has preferred an appeal against the above order and the matter is now before the Hon'ble High Court of Andhra Pradesh.

Consequent to the above orders, the Income Tax Department had issued consequential orders under Section 154 of the Income Tax Act demanding ₹28.86 crore (revised) which was paid by your Company.

#### ii. Luxury Tax

The Hon'ble Supreme Court by its judgement dated 20th January, 2005 set aside levy of luxury tax on tobacconists by various states. The Court had also directed the companies to pay back to the state any amount of luxury tax recovered from the customers after obtaining stay orders from the Court. The Department has alleged that your Company has failed to pay an amount of ₹34.86 crore being the luxury tax collected from customers by your Company after passing of the interim order dated 1st June, 1999, to the State Government of Andhra Pradesh which is in violation of the said judgement dated 20th January, 2005 and filed the contempt petition against the then Managing Director of your Company. An amount of ₹29.81 crore has also been claimed as interest thereon @ 24% per annum. The contempt charges against the then Managing Director of your Company were dismissed by the Hon'ble Supreme Court in March, 2010.

The State of Andhra Pradesh decided to continue with the legal proceedings for recovery of luxury tax from your Company by substituting the Company's Managing Director with your Company as the Respondent. The Supreme Court appointed an independent Auditor to examine and verify the accounts of your Company for the period 1st April, 1999 to 20th January, 2005 and submit their report as to whether any sum was collected by your Company towards luxury tax during the operation of the Stay Order dated 1st April, 1999. The Auditor forwarded its report to the Supreme Court endorsing your Company's stand. The Supreme Court, after examining the report of the Auditor, disposed off the petition with an observation that no contempt lies against your Company. However, the State Government has been given an opportunity to issue a show cause notice to your Company for refund of the luxury tax collected after

obtaining interim order from the Supreme Court. Show cause notice should be backed and supported by the evidence the department wishes to rely upon in support of its case and is subject to contest by the parties as per law.

The Commercial Tax Department has issued a show cause notice and reply to the same has been filed by your Company.

#### iii. Entry Tax

Several High Courts in the country including those of Andhra Pradesh, Kerala, Tamilnadu and Assam have struck down the levy of entry tax on the ground that it is violative of Article 301 and not saved under Article 304(b) of the Constitution, as it is not compensatory in the manner required in terms of the Supreme Court judgement in the case of M/s. Jindal Stainless Limited. Thereafter, several states such as Uttar Pradesh, Bihar, Haryana and Assam have attempted to re-introduce entry tax by amending the original acts, sparking a fresh round of legal challenges in the high courts. Most of the appeals filed by the various states and individual companies have been clubbed together.

The Hon'ble Supreme Court in the batch of cases headed by Jai Prakash Associates vs the State of MP has referred a number of vital questions on levy of entry tax, to the Constitutional Bench in terms of Article 145(3) of the Constitution which are still pending adjudication. The Single Bench of Hon'ble High Court of Calcutta struck down the levy of entry tax imposed by the State Government of West Bengal in the case of Bharti Airtel and others and aggrieved by the same, the State Government has preferred an appeal before the Division Bench. On identical grounds, the Single Bench of Hon'ble High Court of Calcutta allowed the Writ Petition in favour of your Company with a direction to file implead petition and an early hearing petition before the division bench.

Your Company, as directed, has filed an implead petition and an early hearing application which is pending before the Division Bench of High Court of Calcutta.

#### iv. Excise

#### a. Wrapping Materials

The Customs, Excise and Service Tax Appellate Tribunal (CESTAT), Bangalore had allowed your Company's appeal against the said demand and set aside the demand of the Excise

Department. An appeal against the said Order was filed by the Excise Department and the Hon'ble Supreme Court was pleased to allow the appeal by way of remand to CESTAT to decide the matter afresh and pass an order on merits. The Hon'ble CESTAT heard the matter and allowed the appeal in favour of your Company.

#### b. Cigarette manufacture in North Eastern states

The Excise Department had demanded a sum of ₹31.20 crore along with interest of ₹12.69 crore from the Company's former contract manufacturers consequent upon the judgement of the Hon'ble Supreme Court upholding the withdrawal of exemptions granted in the North Eastern states. Thereafter, a total sum of ₹39.06 crore was paid to the Department. A Division Bench of the Gauhati High Court confirmed the judgement of the single judge and held that interest was also payable for the period 1st August, 2003 to 7th February, 2006 on the principal amount already repaid. Appeals have been filed in the Supreme Court against the said judgements of the Gauhati High Court which were admitted but no stay of the said judgements was granted.

#### c. Tobacco Refuse

Your Company has been receiving periodical show cause notices demanding recovery of duty on cut tobacco used in the manufacture of tobacco refuse together with interest and penalty thereon from January 2005 to October 2013, amounting to ₹15.92 crore. All the pending appeals before CESTAT in this matter until October 2013 were allowed in favour of your Company. Cross appeal has to be filed by your Company before CESTAT. One of the appeals filed by your Company for the period April 2008 was heard and allowed by CESTAT by way of remand to the original authority to be decided in light of earlier judicial pronouncements.

#### Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. 7. Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion
